

Jeff,

Here's the mileage chart for my Camry since installing the new Viper:

| Date | Odometer | Gallons | Miles | MPG | Pct | |
|-----------|----------|---------|-------|--------|--------|-----------------|
| 1/24/2011 | 68348 | | | | | Viper installed |
| 1/30/2011 | 68823 | 15.395 | 475 | 30.854 | 34.15% | |
| 2/4/2011 | 69124 | 10.121 | 301 | 29.740 | 29.30% | |
| 2/14/2011 | 69505 | 14.691 | 381 | 25.934 | 12.76% | |
| 3/6/2011 | 69951 | 14.425 | 446 | 30.919 | 34.43% | |
| 3/16/2011 | 70389 | 15.001 | 438 | 29.198 | 26.95% | |
| 4/1/2011 | 70695 | 13.154 | 306 | 23.263 | 1.14% | |
| 4/9/2011 | 71049 | 12.766 | 354 | 27.730 | 20.56% | |
| 4/17/2011 | 71471 | 14.073 | 422 | 29.986 | 30.38% | |
| 4/19/2011 | 71906 | 14.316 | 435 | 30.386 | 32.11% | |
| 5/2/2011 | 72321 | 15.356 | 415 | 27.025 | 17.50% | |
| 5/9/2011 | 72715 | 14.012 | 394 | 28.119 | 22.26% | |
| 5/23/2011 | 73113 | 14.331 | 398 | 27.772 | 20.75% | |
| Totals | | 167.641 | 4,765 | 28.411 | 23.52% | |

As you can see, it averages a whopping 23.5% improvement for the last four months since I installed the cell. I even got 34% on a couple of tanks! I think the 4/1 tank was all short-haul city driving with no freeway. An anomaly. Most of the driving is a mix of city and freeway driving. As you know, I get the best mileage on the long trips, like down to Albany and back. 3 hours each way, and all freeway driving. Straight 70 mph for most of the trips. But on average, it's pretty darn good!

Testimonial:

The new ViperCell is fantastic. My 2005 Camry LE has had one since January. I have averaged better than 23% improvement in gas mileage since installing it. With fuel prices close to \$4.00 per gallon, I am saving over \$.90 per gallon on average. This is a great product, and pays for itself in a very short amount of time. In fact, I've saved almost \$200 in gas expenditures in the last four months with the new ViperCell. A great product! Steve S. Atlanta, GA
